How can U.S. manufacturers access the skills and talent they need?

Last Updated: February 23, 2012

As most U.S. manufacturers look to regain momentum in the wake of the global economic crisis, they face some well-documented challenges – starting with talent. For many, this isn't news. For years, manufacturers have reported a significant gap between the talent they need to keep growing their business, and what they can actually find.

"Driver" CFOs may be in the driver's seat

Last Updated: January 23, 2012

Increasing business complexity over the last decade has driven dramatic changes in CFOs' roles and responsibilities. These shifts have had a marked impact on both the personality types of people now in CFO roles, and also in the way CFOs partner with CEOs.

Emerging markets, emerging clarity

Last Updated: December 15, 2011

Back when companies first started making the move to emerging markets, it seemed like they could hardly make a wrong move. After all, with such low entry costs and limited competition, the stakes were relatively low. And with huge markets in play, the upside was considerable. [...]

Taking shape

Last Updated: November 1, 2011

Mobile payments are coming. What will they look like? What can't consumers do with a mobile device? It's becoming a shorter list every day. And soon, paying for goods and services is anticipated to be another one of those things that we can't remember doing before the mobile revolution. For consumers, it's not so hard [...]

Total Recall – Are you prepared?

Last Updated: October 17, 2011

Recall. It is a word that can cause even the most hardened executives to flinch. To most, it brings up visions of contaminated food, exploding tires, and lead paint on toys. You have built your career by effectively growing shareholder value. Then, on a dime, your world can flip. You have to issue a product [...]

Why Wi-Fi? In-store customer engagement

Last Updated: September 30, 2011

With Wi-Fi, the second a shopper walks into the store, the point of sale expands from the register to the customer's smartphone.
